EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 12, line 8; ~~--in--~~ was inserted between "CD-R disks" and "at least two".

The claim was amended in order to clarify the claim language.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Martin, Korn et al., and Takagi each disclose a multiple disk storage devices and transport means for transporting a disk from a drive to the multiple disk storage device.

The following is an examiner's statement of reasons for allowance: the prior art of record considered as a whole fails to teach or suggest a compact disk recording system for the duplication of data onto CD-R disks, the system including: lifting means for engaging and transporting a CD-R disk in a vertical direction; a set of multiple stacked recordable disk drives; rotating transport means for transporting a CD-R disk in a horizontal plane while the CD-R disk is

engaged by the lifting means; and disk stacking means for holding CD-R disks in at least two stacks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul W. Huber whose telephone number is (703) 308-1549.
